COMMENTS INVITED ON ALMA TELEPHONE COMPANY APPLICATION TO DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES

NSD File No. W-P-D-557

Comments Due: February 1, 2002

Section 214 Application

Applicant: Alma Telephone Company

On **January 10, 2002**, **Alma Telephone Company** (Alma or Applicant), located at **P.O. Box 127, Alma, MO 64001**, filed an application with the Federal Communications Commission (FCC or Commission), requesting authority under section 214(a) of the Communications Act of 1934, 47 U.S.C. § 214(a), and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue its domestic telecommunications services.

The application indicates that Alma seeks authority to discontinue providing interstate telecommunications services. Alma states that due to a corporate restructuring and reorganization of some of its unrelated assets, a new company (Alma Communications, Inc. d/b/a Alma Telephone Company, (ACI)) will be created under Missouri law. Applicant explains that following this reorganization, ACI will have the same shareholders, directors and management, will provide the same local exchange services, and will serve the same customers. Alma also explains that after the reorganization, its customers will not see a change in the name of their service provider, contact and billing information, or rates and terms of service.

Concurrently with its application, Alma filed a request for waiver of the customer notification requirement.¹ As grounds, Alma asserts that notification would simply cause confusion.

In accordance with 47 C.F.R. § 63.71(c), the application will be deemed to be automatically granted on the thirty-first (31st) day after the release date of this notice, unless the Commission has notified Applicant that the grant will not be automatically effective. The FCC will normally authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity is otherwise adversely affected.

¹ See 47 C.F.R. § 63.71(a)(5)(i).

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's *ex parte* rules.² Comments objecting to this application must be filed with the Commission by **February 1, 2002**. Such comments should refer to application file number **W-P-D-557**.
